

Andaz Art: Series 1

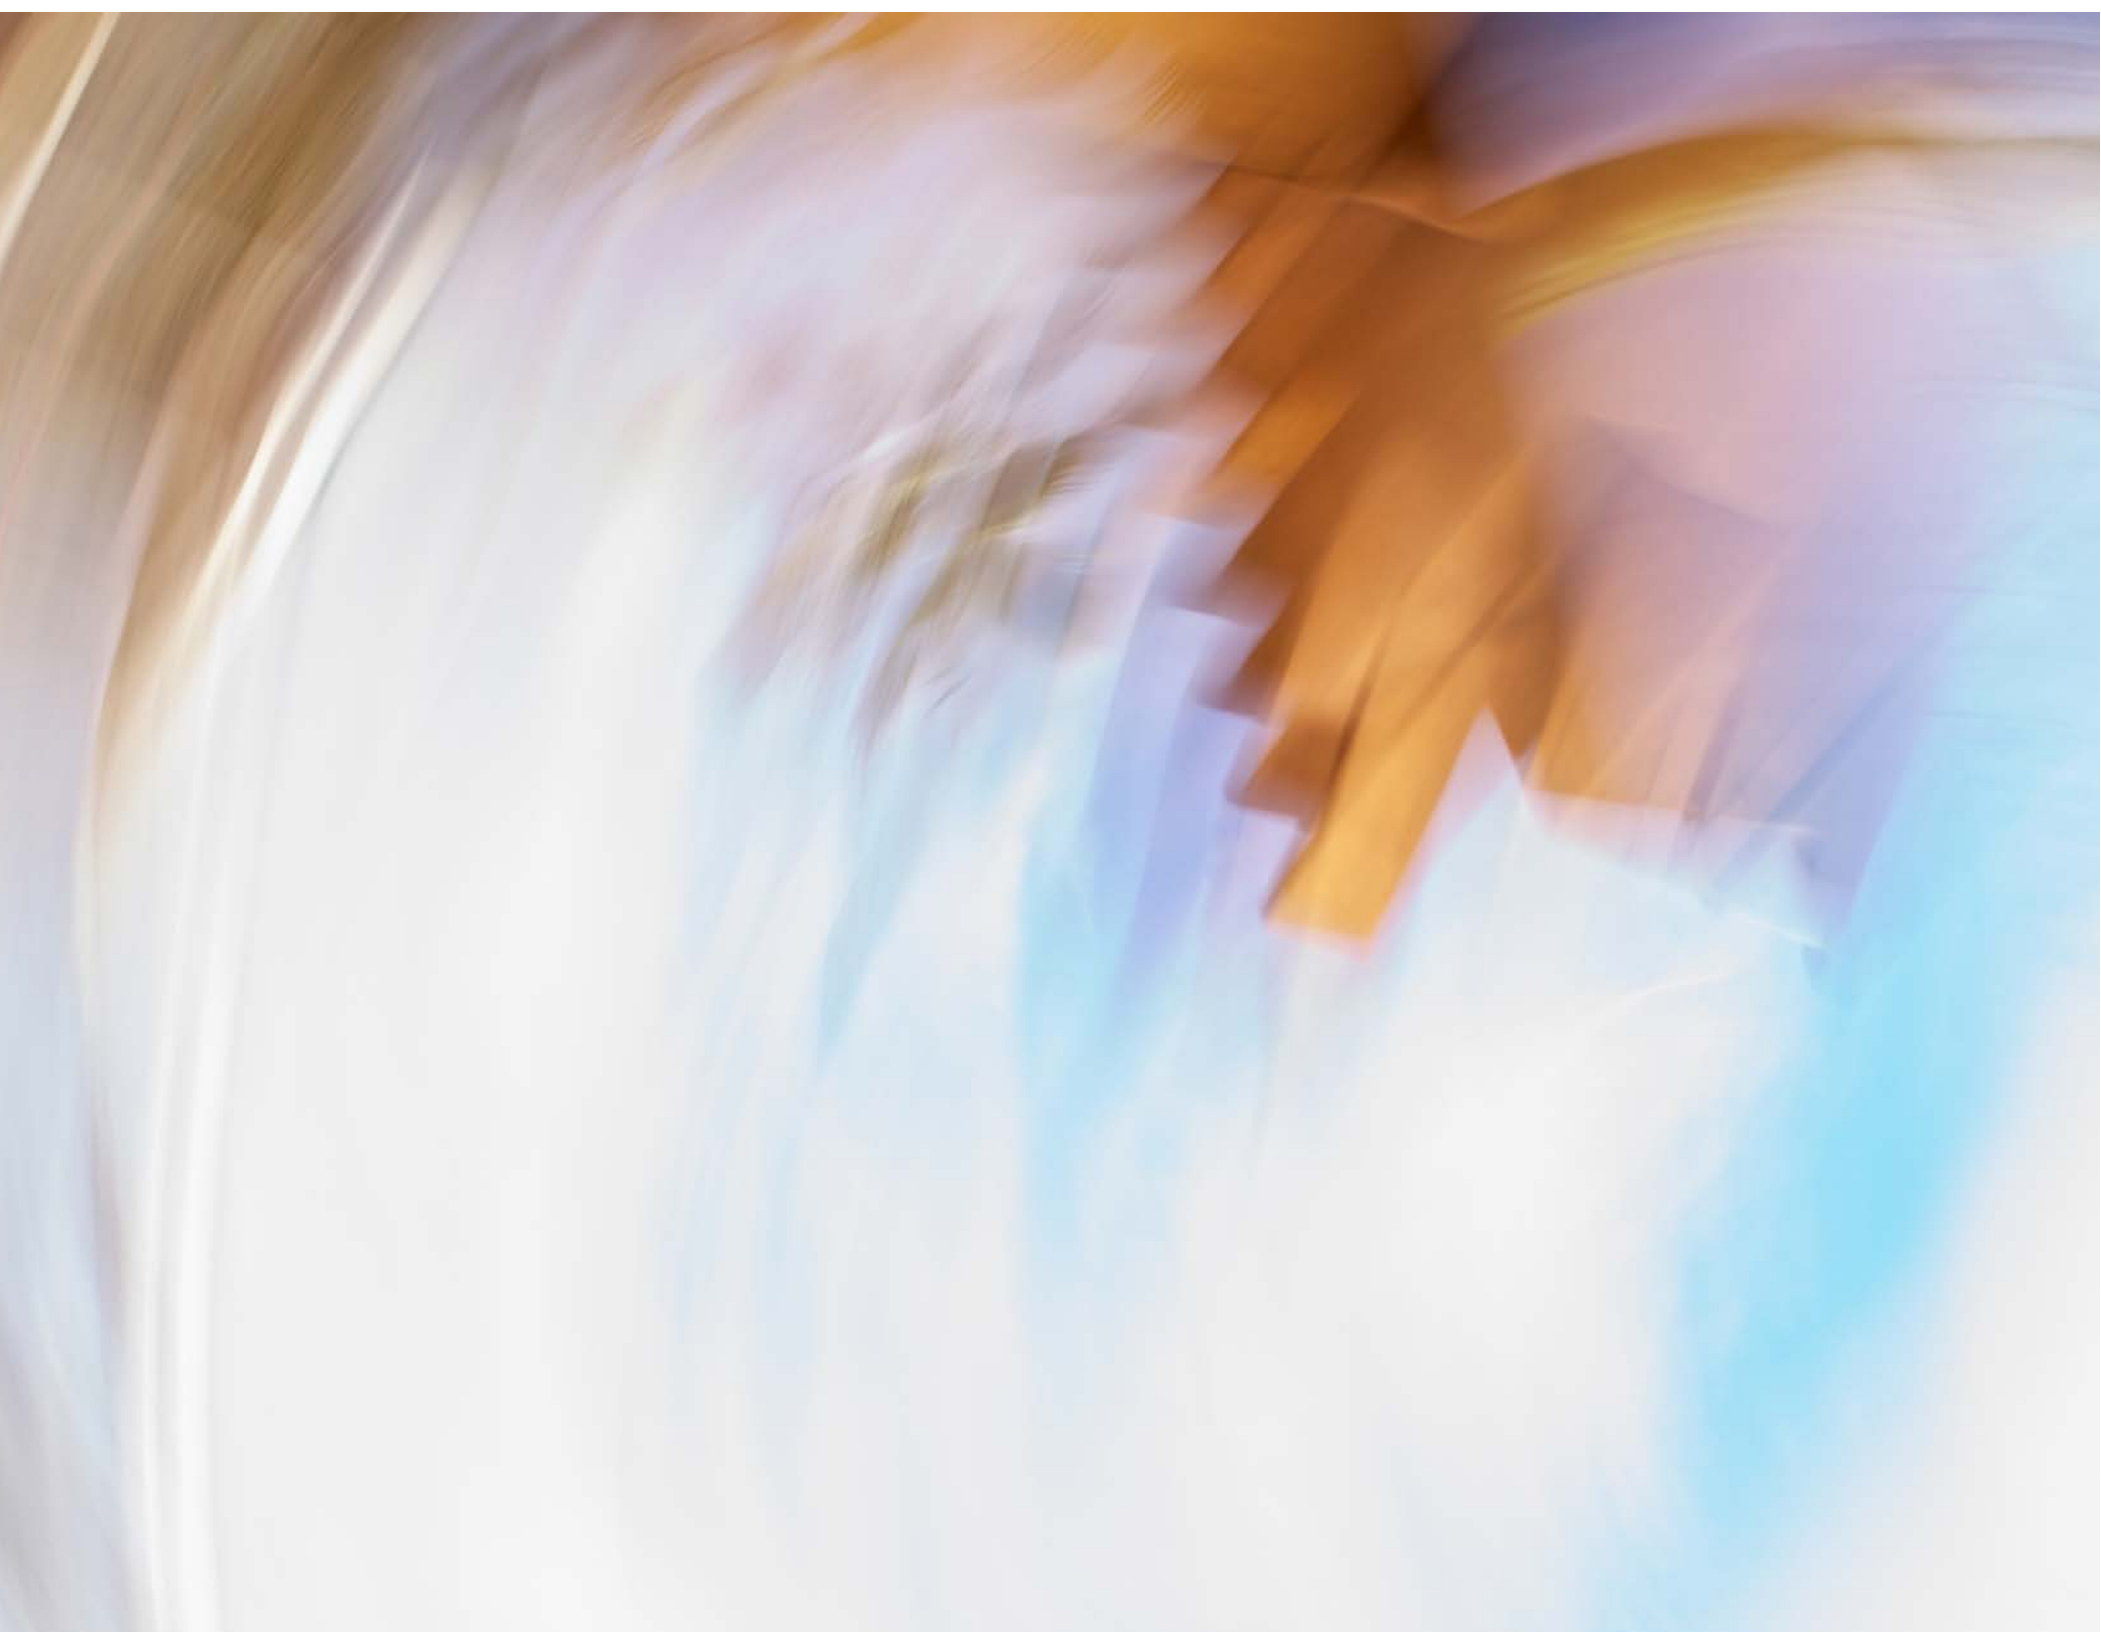

Contemporary abstract photography by Shane Robinson

Andaz Art: Series 1

In a moment of silence, whispering to the artist,
elements of the environment share their secrets.

Come, explore this Andaz Hawaiiana, and see it
as it has never been revealed before.

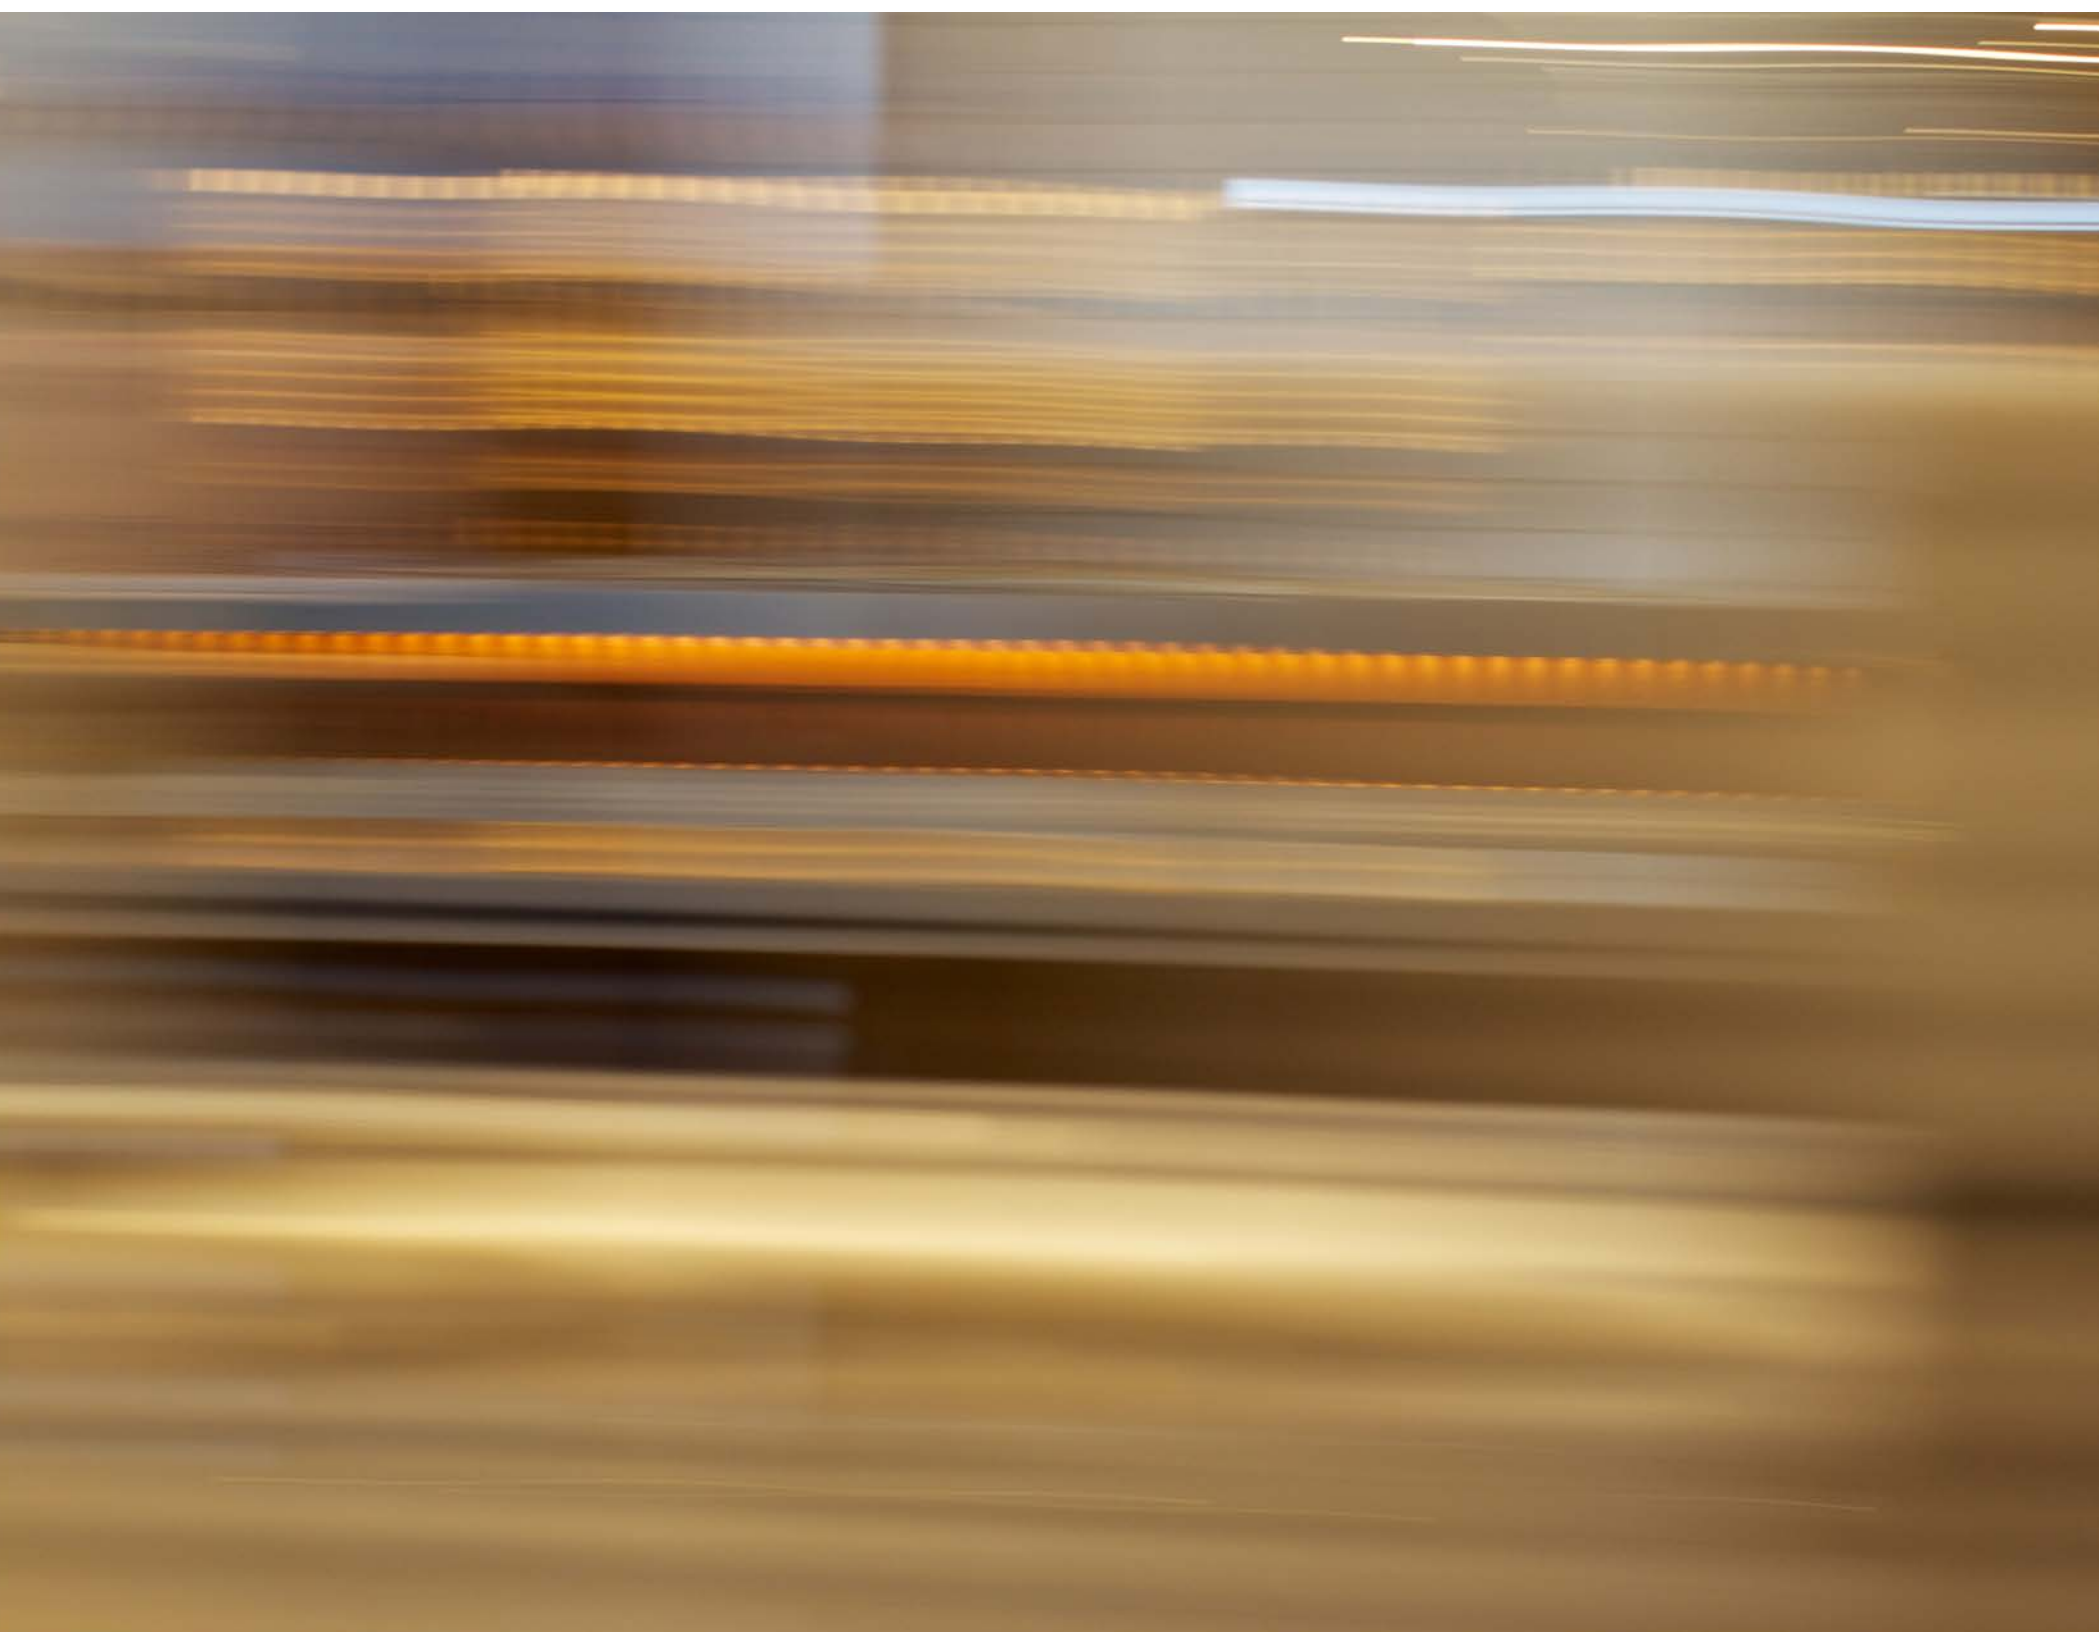

Look deep into nature,
and then you will understand everything better.

About the Art:

Shane Robinson was commissioned to create original art for the Andaz Maui at Wailea executive office. An abstract painter and photographer, his creative process is to explore the grounds while elements of the natural and built environment reveal themselves through his lens.

Shane is also a painter, so he uses his camera as a brush to capture a unique image, a long, single moment in time. Unlike representational photography, these images cannot be replicated. Further, they reveal familiar Hawaiiana in a modern, etheric way. This creates vibrant, abstract, unique images that are of Hawai'i, with cosmopolitan appeal.

Each image is created 'in camera' as a single photograph. There is no computer editing other than cropping or rotation.

Since the photographs are taken on the grounds of the resort, they radiate the energy or mana cultivated here for centuries.

You can also commission a signature piece from Shane for your milestone event. You and your guests can take home an original piece of Andaz art, infused with Maui mana.

Shane earned his BFA at the University of Iowa, School of Art and Art History, and works out of his Hā'iku studio on Maui's north shore. He is a rare artist who moves seamlessly between traditional mediums, such as acrylic painting and furniture building, and digital tools, such as ICM photography and iPad apps.

His art is in the permanent collection of the state of Hawai'i and is collected throughout the U.S. and Canada. He has exhibited in San Francisco, Irvine, Miami, Honolulu, and Maui.
